# INTERACTIVO

It is a complete experience that combines food, music, dance, and visual art into a single journey for the senses and emotions. It is not just a dinner or a show but a sensory voyage where every element is interconnected, contributing to a unique story—one in which you, too, can take part.

**Interactivo**, with its intertwined I and O, is a philosophical symbol that embodies the essence of the event: unity, energy, dialogue, and transformation. It represents the ignition of an experience that engages all the senses—a journey where each element blends with the others to create something unique and unforgettable. It is an invitation to let yourself be carried away, to live in the moment, and to become part of a collective flow of emotions.

The **Interactivo** project is an innovative concept that transforms dining into a total multisensory experience, engaging not only taste but also sight, hearing, touch, and smell, creating a true synaesthesia of the senses.

**Interactivo** is more than just a meal—it is an emotional and sensory journey that leaves an unforgettable impression. It is the art of dining transformed into a complete experience, where every sense is engaged, and every dish tells a story. A perfect project for those seeking the extraordinary.

# OUR PHILOSOPHY

"An interactive experience is an invitation to explore, to feel, to marvel. It is a reminder that life is not just to be observed, but to be lived intensely."

"The true beauty of interactivity is its ability to bring together people, ideas, emotions, and worlds."

## ★ "More Than a Dinner, a Sensory Masterpiece"

"I thought I was just going out for dinner, but I ended up being part of a living, breathing work of art. The way flavors, textures, and sounds intertwined was magical. Every course told a different story, and by the end of the night, I felt like I had traveled through time and space—without ever leaving my seat."

— Elena G., Milan

## ★ "A Journey Beyond Imagination"

"Interactivo is not just an event, it's a gateway to another world. From the moment I stepped in, I felt transported. The interactive performances, the stunning visuals, and the unexpected surprises at every turn made this an experience I will cherish forever."

## ★ "An Experience That Stays With You"

— Chiara T., Paris

## ★ "A Feast for the Senses!"

"I've never experienced anything like this before. Every dish was not just food—it was a story, a piece of art, a melody. The lights, the sounds, the tastes... everything blended together in a way that made me feel truly immersed in the moment. An unforgettable journey!"

# Some of Our Projects

## Auditorium Santa Caterina

The scene at the Auditorium Santa Caterina in Foligno was the signature of artistic director Rossano Lucidi, in collaboration with the brand “Starsky and Hutch”, creators of extraordinary events that have been making entire generations dance since the 1990s.

In a blend of music and 3D light effects, the fashion-themed party turned into an exciting show. An exclusive fashion night that has now evolved into an "Immersive Visual Dinner Show Experience"—an event to be enjoyed and danced to within the ancient walls of the former church, flooded with 360° colorful projections, while artists took turns performing on stage.

This is **INTERACTIVO**.

**"Awaken your senses, live the emotion, become part of the flow."**  
**Thank you for discovering Interactivo. We look forward to sharing an unforgettable experience with you.**
